(testimonials)**

- Testimonial Statement: Some great concepts. More detail needed to implement. Might be good to provide info on additional workshops to attend if interested at the time of the workshop. (Steve Trimble-Emerson)
- Would have liked it if the slide handouts had all the slides that were projected. (Mike Walters-Medtronic)
- Testimonial Statement: Excellent Workshop. (Sarah Darmody)
- Norbert has good material knowledge of th subject matter. (Brian Junk-Emerson)
- Testimonial Statement: Lean tools and philosophies can impact product development in a positive manner. (Rick Soper-Wenger Corp)
- We jumped around a bit more so at the start which initially made it hard to see the bigger picture of the key points. The personal experiences and examples were very helpful. The exercises were usefull in demonstrating points and techniques. May want to download videos instead of relying on internet speed. (David Owen-Renewal by Andersen)
- It was nice hearing another point of view on how lean has been used and applied. (Jason Schroeder-Sportech)
- We have a long way to go!!(Fred Mather-Wenger Corp.)
